

4B Components Celebrates 25 Years of Business in the U.S.A.

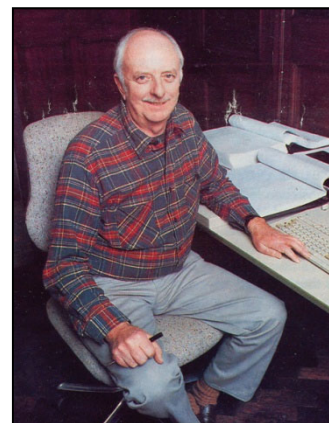

East Peoria, IL (July 11, 2009) - 25 years ago, 4B (Better Buckets, Belting and Bolts) Components Ltd. became the first overseas subsidiary of the 120 year old U.K. based material handling components company, Braime. With a small crew of transplanted European Engineers including: Nicholas Braime, Tor Hansson and Jim Mawson 4B started off in the U.S. with very humble beginnings, working out of rented offices and partnering with Federal Warehouse for distribution.

Today, with our own office and warehouse facilities, clients and distribution throughout North, Central and South America, 4B USA has established itself as an industry leader, and 2009 marks the 25th anniversary here in the United States.

We would like to thank all of our customers for their business over the years, and look forward to working with you in the future.

Nicholas Braime & Tor Hansson -1984

Jim Mawson -1984
